

Amendment No. 1 to PEFC ST 2001:2008, PEFC Logo Usage Rules – Requirements

Document name: PEFC Logo Usage Rules – Requirements
Document title: PEFC ST 2001:2008, Amendment 1
Approved by: PEFC General Assembly **Date:** 2010-11-12
Issue date: 2010-11-26
Date of entry into force: 2010-11-26
Transition date: 2011-11-26

The first edition of PEFC ST 2001: 2008, *PEFC Logo Usage Rules – Requirements* is amended as follows (the amendments should be inserted in the appropriate places):

SUMMARY: This amendment applies to: clause 2, Normative references (page 6); clause 7.2.3.1 – PEFC certified label (page 10), clause 7.2.3.2 – PEFC certified and recycled label (page 11); chapter 7.3.3 Off-product label claim (page 13)

2 Normative references

Replace

“Annex 4 of the PEFC Council Technical Document, *Chain of Custody of Forest Based Products – Requirements*”

with

“PEFC ST 2002:2010, *Chain of Custody of Forest Based Products – Requirements*”

Chapter 7.2.3.1: “PEFC certified label”

Replace

	
Label name	PEFC certified
Label description	<p>The product includes minimum of 70 % of PEFC certified material from forest which has been certified against a PEFC endorsed forest certification scheme as sustainably managed. The content of PEFC certified raw material is verified through the PEFC recognised chain of custody standard.</p> <p>Both forest management and chain of custody have been certified by third party certification body accredited by an IAF (International Accreditation Forum) member accreditation body.</p>
Definition of the raw material origin	<p>Appendix 1 or Appendix 8 to Annex 4 of the PEFC Technical Document or a scheme specific definition of the origin endorsed by the PEFC Council as compatible with Appendix 1 or Appendix 8</p> <p>or other definition of a scheme specific chain of custody standard endorsed by the PEFC Council as compatible with Annex 4 and its Appendix 1 or Appendix 6 or Appendix 8.</p>
Min content of PEFC certified raw material	70 %
Requirements for controlled sources	Non-certified raw material shall be controlled as not originating from controversial sources.
Optional usage of the label	<p>The PEFC label can optionally be used:</p> <ul style="list-style-type: none"> a) without the label name and / or label claim and / or PEFC website where those element would not be readable or their placing on the product would not be feasible, b) with the certification percentage element, c) with the PEFC Logo being split into PEFC circle and PEFC words and placed beside each other. <p>More details are specified in the PEFC Logo usage toolkit.</p>

By

Label name	PEFC certified
Label description	<p>The product includes minimum of 70 % of “PEFC certified” material from forest which has been certified against a PEFC endorsed forest certification scheme as sustainably managed or from recycled material. The content of recycled material is lower than 85 %.</p> <p>The content of “PEFC certified” material is verified through the PEFC recognised chain of custody standard. Both forest management and chain of custody have been certified by third party certification body accredited by an IAF (International Accreditation Forum) member accreditation body.</p> <p>Where the product does not include recycled material, the label claim shall be used without the word “recycled”.</p>
Definition of the raw material origin	Appendix 1 of PEFC ST 2002:2010 or definition of a scheme specific claim and material origin endorsed by the PEFC Council as compatible with Appendix 1 of PEFC ST 2002:2010
Min. content of PEFC certified material	70 %
Max. content of recycled material	85 %
Requirements for controlled sources	Non-certified raw material shall be controlled as not originating from controversial sources.
Optional usage of the label	<p>The PEFC label can optionally be used:</p> <ul style="list-style-type: none"> a) without the label name and / or label claim and / or PEFC website where those element would not be readable or their placing on the product would not be feasible, b) with the certification percentage element, c) with the PEFC Logo being split into PEFC circle and PEFC words and placed beside each other. <p>More details are specified in the PEFC Logo usage toolkit.</p>

Chapter 7.2.3.2:

Replace

7.2.3.2 “PEFC certified and recycled” label

Table 3

	
Label name	PEFC certified and recycled
Label description	<p>The product includes a minimum of 70 % of raw material from sustainably managed forest which has been certified against a PEFC endorsed forest certification scheme and post-consumer recycled raw material. The content of PEFC recycled material is specified inside the Mobius loop symbol.</p> <p>Both forest management and chain of custody have been certified by third party certification body accredited by an IAF (International Accreditation Forum) member accreditation body.</p>
Definition of the raw material origin	<p>Appendix 6 to Annex 4 of the PEFC Technical Document or a scheme specific definition of the origin endorsed by the PEFC Council as compatible with Appendix 6 to Annex 4.</p> <p>or other definition of a scheme specific chain of custody standard endorsed by the PEFC Council as compatible with Annex 4 and its Appendix 6 to Annex 4.</p>
Requirements for PEFC recycled material	<p>Post-consumer raw material meeting the PEFC requirements for chemical and no-chemical contamination.</p> <p>The usage of the Mobius Loop symbol is governed by ISO/IEC 14021.</p>
Requirements for controlled sources	Non-certified raw material shall be controlled as not originating from controversial sources.
Min. content of PEFC certified material	No minimum specified.
Min. content of PEFC recycled material	No minimum and maximum specified (the content of PEFC recycled material shall be specified inside the Mobius loop symbol).

Min. content of PEFC certified and PEFC recycled material	70 %
Optional usage of the label	<p>The PEFC label can optionally be used:</p> <p>a) without the label name and / or label claim and / or PEFC website where those element would not be readable or their placing on the product would not be feasible,</p> <p>b) with the PEFC Logo, Mobius loop logo and PEFC label/claim/website placed beside each other.</p> <p>For more details see the PEFC Logo usage toolkit.</p>

By

7.2.3.2 “PEFC recycled” label

Table 3

	
Label name	PEFC recycled
Label description	The product includes a minimum of 70 % of “PEFC certified” material from recycled sources. The content of recycled material is calculated based on ISO / IEC 14021.
Definition of the raw material origin	Appendix 1 of PEFC ST 2002:2010 or definition of a scheme specific claim and material origin endorsed by the PEFC Council as compatible with Appendix 1 of PEFC ST 2002:2010
Requirements for PEFC recycled material	Recycled material as defined by PEFC ST 2002:2010.
Requirements for controlled sources	Non-certified raw material shall be controlled as not originating from controversial sources.
Min. content of PEFC certified material	70 %
Min. content of PEFC recycled material	70 %

<p>Optional usage of the label</p>	<p>The PEFC label can optionally be used without label claim and / or PEFC website where those element would not be readable or their placing on the product would not be feasible. The “PEFC recycled” label shall always be used with the label name “PEFC recycled”.</p> <p>The PEFC label can optionally be used with Mobius loop in compliance with ISO / IEC 14 021.</p> <p>For more details see the PEFC Logo usage toolkit.</p>
---	---

Chapter 7.3.3:

Replace:

“PEFC claim: The official PEFC claim for off-product usage is “Promoting sustainable forest management”.

By:

“PEFC claim: The PEFC Logo can be used with or without the PEFC claim and the PEFC website. The official PEFC claim for off-product usage is “Promoting sustainable forest management”.
